Hi, my name is [REDACTED] I don't know who I need to talk to about this but I think I may have been a victim by jeffrey epstein. I was about 15 at the time. My friend said we could make some quick money just by giving a massage. So we met with her friend who his name was Andy. When we went I sat down while she went inside the bedroom. She came out & Andy said he wanted me to come in. When I walked in there was another man sitting on

the bed which made me even made hesitate to go in but I went in. I gave a quick massage to a man who looks very much like him. Then he proceeded to take my clothes off without my permission. All I remember is getting touched, touching a man, & then having a [REDACTED] on me. After it was all done he gave us money & we left. I'm really trying to remember if it was him or not since I've blocked absolutely so much of those years out of my head. But he looks so familiar & that voice of his as well. Not only that but months later Andy drives by the place I stayed at & asked me was there anyone in the government or law enforcement looking for him. He said that he was part of a thing with a powerful man & he has to get out of town if they were looking for him. I told him they weren't which it was the case. I know Andy & other men he knew would give girls but mostly Russian girls places to stay & help them with work. Much of that work was prostitution for rich men that Andy pimped them out to. So I am hoping you can help me figure out if I was Epstein victims by answering some questions so I can piece it together. Such as could you please tell me if you have proof that Jeffrey Epstein was in Virginia Beach, Virginia in the 2000's? Did Epstein have Russian girls in Virginia Beach, Virginia? Do you have a Virginia Beach home address on file for him that I could verify back to you? Finally has the name Andy ever come up in ur files that's related to Epstein in anyway? If you would be so kind to email me back it would be greatly appreciated. Thank you.
