Hi Nicole,

Do you have time today or tomorrow for a call to discuss?

Thanks,

Subject: Ghislaine Maxwell (02879-509)

Good morning-

As a result of my email to you on Sunday and your intervention with the MDC, Ms. Maxwell is permitted use of a mug for water and possession of commissary snacks in her isolation cell.

However, the information provided to you regarding moisture and temperature conflicts with our information. I am told that moisture in her cell has degraded envelopes and paperwork and the temperature check was conducted outside her cell.

I request that Ms. Maxwell be moved to an interior cell. This relocation would eliminate exposure to moisture and cold air seeping through exterior concrete walls. Further, it would assist in safeguarding Ms. Maxwell from impending cold temperatures and the detrimental effect of wind, rain and snow.

Your continued assistance is needed and greatly appreciated.

Thank you-

Bobbi
