You can send this stuff to whoever the FBI agent is since it's a waste of time to call the intake or tipline there. I've done my civic duty. And wish y'all the best of luck and hope you get him prosecuted to the fullest extent of the law.

Here's my last tidbit:

Ohio state news out today—My my, see who is largest donation is to in the 2009 report for her another of his foundations since 2008 is not online/-it's an entity called "Enhanced Education" which is registered to his same VI address at [REDACTED] (listed in the form 990 for Jeff.

Enhanced Education, what an appropriately disgusting name
