Well done!

BTW, HOW is the George Economou/ Georgios EKONOMOU SEC "investigation" coming along anyway?

[George Economou \(shipbuilder\) - Wikipedia](#)

George Economou or Georgios Ekonomou (Γεώργιος Οικονόμου, born 1953) is a Greek billionaire shipowner, CEO of DryShips Inc. and Ocean Rig, and the owner of Cardiff Marine. Economou owns oil tankers as well as dry bulk ships and manages them through Cardiff Marine. He was on the Forbes Magazines list of the world's billionaires on place 707.

COMPLAINT. Plaintiff United States Securities and Exchange Commission ("Commission") alleges as follows: SUMMARY. 1. ESWW was a money laundering shell.

The SEC knows it. The degenerate Epstein knows it. The Degenerate Leon Black/Kushner BFF/ Milken proteges/Marc Rowan/Apollo knows it.

The DOJ/IRS knows it.

IG, I have repeatedly offered to come to SEC DC HQ to have the brightest minds at the SEC totally humiliate me by refuting my allegations 1 by 1. The grossly corrupt SEC scumbags have never taken me up on my generous offer. For the very simple reason that ALL of my allegations are accurate and true.

So, I again put the offer out there:

refute my claims OR go to jail for the criminal obstruction ACTIVELY being facilitated by your office and the SEC.

So, let's give these scumbags the insurance/annuities market.

This will NOT end well for tens of thousands of Americans.

Who "green lighted" this take over of the insurance industry by PE/Hedge funds?

IG,

This was a blatant attempt to intimidate a whistleblower. "HE" (I think a male although very effeminate voice) was an anonymous, coward, scumbag who threatened me. AND then called me another 11/12 times after that. This is a VERY serious matter. Felony. I intend to see "him" prosecuted to the fullest extent of the law. Within weeks of filing a complaint against the SEC and you.

I obviously have hit a nerve.
