LEWIS J. LIMAN, United States District Judge:

The Court has received Defendant's request for a pre-motion conference (dkt. no. 24). The Defendant is permitted to make its motion to dismiss without the need for a pre-motion conference. The parties are referred to my Individual Practices with respect to the timing and page limits for such motions. Accordingly, the request for a pre-motion conference is denied as moot.

SO ORDERED

Dated: February 12, 2020
New York, New York

LEWIS J. LIMAN
United States District Judge
